 2022 OPERA TOUR
 -
 OPERA THEATRE OF
 SAINT LOUIS
 June 22 – 26, 2022

Opera Theatre of Saint Louis (OTSL) is known for its local impact, national presence, and global resonance.

Every year, they produce a spring festival season of inventive new productions sung in English and accompanied by the Grammy Award-winning St. Louis Symphony Orchestra. Performances take place in the intimate Loretto-Hilton Center and audiences gather in the surrounding gardens for pre-show picnics and post-show champagne with artists.

Opera Theatre has a long tradition of discovering the finest young singers and promoting the work of living American librettists and composers. As of the 2022 Festival Season, Opera Theatre will have presented 33 world premieres — which may be the highest percentage of new work in the repertory of any U.S. company.

Outside the theater are the beautiful and lush David W. Mesker Festival Gardens, where patrons and staff alike enjoy pre-show picnics and post-show parties. These beautiful grounds are named after the late Board Chairman, **David Mesker**, who was beloved for his legendary hospitality, leadership, and generosity. Enjoy a stroll through the flowers before sitting down for your pre-show picnic!

Hope will never be silent. - June 23

Based on the true story of Harvey Milk, this opera delves into the tumultuous era of the 1970s to trace one young man's rise to lead a movement. During his time as the "Mayor of Castro Street," Harvey Milk fought for the rights of the disenfranchised...and paid the ultimate price for his work to advance those freedoms. Through Milk's legacy, we are reminded that we are more united than divided, regardless of our background. Co-commissioned by Opera Parallèle and Opera Theatre of Saint Louis.

An eye-opening tale of love, loss, and longing. — June 24

Based on the true story of Dr. Oliver Sacks, Awakenings is a moving story of memories, loss, and life rediscovered. For more than forty years, thousands succumbed to a mysterious sleeping sickness, rendering them as immobile and voiceless as living statues. Decades later, a brilliant young doctor discovered a revolutionary treatment to bring his patients back to life...but with the challenge of finding their place in a now-unfamiliar world. Based on the book by Oliver Sacks, M.D.

She was a force of nature. He got swept up. - June 25

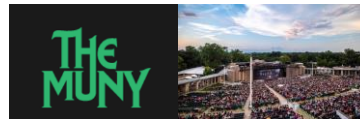

Free, rebellious, and beautiful, Carmen is the most desired woman in town. Every man wants her, and every woman envies her. Sparks fly when Carmen meets the young soldier Don José, and they quickly begin a passionate affair. José is ready to sacrifice everything for Carmen: his reputation, his career, even his family. But when Carmen leaves José for the handsome bullfighter Escamillo, a tangled web of lust, obsession, and jealousy play out to fatal effect.
